

Environmental Science: Atmospheres

rsc.li/esatmospheres

The Royal Society of Chemistry is the world's leading chemistry community. Through our high impact journals and publications we connect the world with the chemical sciences and invest the profits back into the chemistry community.

PAPERS

1585

The driving effects of common atmospheric molecules for formation of clusters: the case of sulfuric acid, nitric acid, hydrochloric acid, ammonia, and dimethylamine

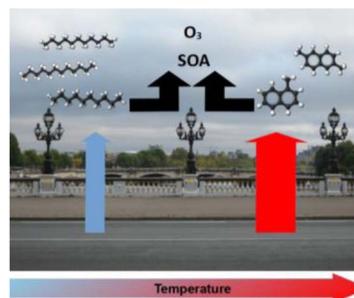

Olivia M. Longworth, Conor J. Bready, Macie S. Joines and George C. Shields*

1601

VOC emissions by fresh and old asphalt pavements at service temperatures: impacts on urban air quality

J. Lasne,* A. Lostier, M. N. Romanias, S. Vassaux, D. Lesueur, V. Gaudion, M. Jamar, R. G. Derwent, S. Dusanter and T. Salameh*

Executive Editor

Emma Eley

Editorial Production Manager

Sarah Whitbread

Deputy Editor

Jon Ferrier

Assistant Editors

Jamie Purcell, Alexander John, Emily Ellison, Jack Pitchers, Clare Fitzgerald

Editorial Assistant

Alex Holiday

Publishing Assistant

Lee Colwill

Publisher

Neil Hammond

For queries about submitted papers, please contact Sarah Whitbread, Editorial Production Manager in the first instance. E-mail: esatmospheres@rsc.org

For pre-submission queries please contact Emma Eley, Managing Editor.

Environmental Science: Atmospheres

Interdisciplinary open access journal advancing the understanding of atmospheric science and related challenges.

rsc.li/esatmospheres

Led by Neil Donahue (Carnegie Mellon University), *Environmental Science: Atmospheres* is a gold open access journal committed to bringing the wider environmental science and climate change communities together in a fresh, open approach.

Editorial Board

Editor-in-Chief

Neil Donahue, Carnegie Mellon University, USA

Associate Editors

Claudia Mohr, Paul Scherrer Institute, Switzerland
Nonne Prisle, University of Oulu, Finland

Lin Wang, Fudan University, China
Stephen Klippenstein, Argonne National Laboratory, USA

Tzung-May Fu, Southern University of Science and Technology, China

Members

Joel Thornton, University of Washington, USA
Dwayne Heard, University of Leeds, UK

Advisory Board

Katye Altieri, University of Cape Town, South Africa
Federico Bianchi, University of Helsinki, Finland
Muhammad Bilal, University of Wisconsin—Madison, USA
William Bloss, University of Birmingham, UK
Ann Marie Carlton, University of California Irvine, USA
Peter DeCarlo, Johns Hopkins University, USA
Aijun Ding, Nanjing University, China
Delphine Farmer, Colorado State University, USA
Barbara Finlayson-Pitts, University of California, Irvine, USA
Christian George, CNRS, University Claude

Bernard Lyon 1, France
Marianne Glasius, Aarhus University, Denmark
Mattias Hallquist, University of Gothenburg, Sweden
Thomas Hanisco, NASA Goddard Space Flight Center, USA
Lucy Hutya, Boston University, USA
Maria Kanakidou, University of Crete, Greece
Prashant Kumar, University of Surrey, UK
Tuhin Kumar Mandal, National Physical Laboratory, India
Randall Martin, Washington University in St Louis, USA
Ottmar Möhler, Karlsruhe Institute of Technology, Germany
Yujing Mu, Research Center for Eco-Environmental Sciences, Chinese Academy

of Sciences, China
Patricia K. Quinn, National Oceanic and Atmospheric Administration, Pacific Marine Environment Laboratory, USA
Andrew Rickard, University of York, UK
Ilona Riipinen, Stockholm University, Sweden
Alfonso Saiz-Lopez, CSIC, Spain
Sachchida Nand Tripathi, Indian Institute of Technology, Kanpur, India
Ying I. Tsai, Chia Nan University of Pharmacy and Science, Taiwan
Marina Vance, University of Colorado Boulder, USA
Bingbing Wang, Xiamen University, China
Shuxiao Wang, Tsinghua University, China

Information for Authors

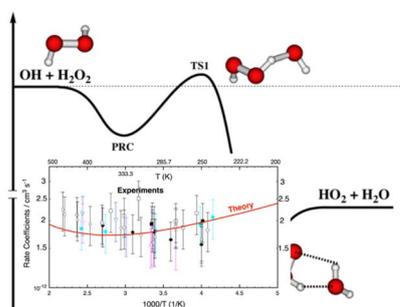

Full details on how to submit material for publication in Environmental Science: Atmospheres are given in the Instructions for Authors (available from <http://www.rsc.org/authors>). Submissions should be made via the journal's homepage: rsc.li/esatmospheres

Authors may reproduce/republish portions of their published contribution without seeking permission from the Royal Society of Chemistry, provided that any such republication is accompanied by an acknowledgement in the form: (Original Citation)–Reproduced by permission of the Royal Society of Chemistry.
