Correction for 'Mechanochemical asymmetric three-component Mannich reaction involving unreactive arylamines' by Xiaoyun Hu *et al.*, *Org. Biomol. Chem.*, 2023, <https://doi.org/10.1039/d3ob00954h>.

The authors regret that in the first two paragraphs of the Introduction, Schemes 1a–d were incorrectly cited. Fig. 1a–d, respectively, should be cited instead. Scheme 1 should have been included after the correct citation in the paragraph beginning 'To reveal the different catalytic performance for reactive and unreactive arylamines', on page 4 of the pdf version of the article. In addition, the references shown below as references 1(a)–(c) were accidentally omitted from reference 8.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
