The authors regret that the C-HAp degree of crystallinity is incorrectly presented in Table 3 in the original article. The corrected version of Table 3 is shown below.

Table 3 Crystallinity of the C-HAp/PVA-based scaffolds

No.	Sample	Degree of crystallinity (%)
1	C-HAp	77.9
2	C-HAp/PVA	77.0
3	C-HAp/PVA/MCC	76.5
4	C-HAp/PVA/CNF	75.3

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
