Correction for 'Molybdenum chloride double perovskites: dimensionality control of optical and magnetic properties' by Devesh Chandra Binwal *et al.*, *Chem. Sci.*, 2023, 14, 3982–3989, <https://doi.org/10.1039/D3SC00132F>.

The authors regret that Fig. 3d in the original article requires correction. On page 3985 of the original article, the heat flow unit on the y-axis of Fig. 3d is incorrect. The unit should be mW instead of W/g. The amended version of Fig. 3 is shown below.

**Fig. 3** (a) Room temperature SCXRD structure of  $(1,4\text{-BDA})_2\text{AgMoCl}_8$ . (b) Corresponding ball and stick models for the perovskite layer showing octahedral connectivity between  $[\text{AgCl}_6]^{5-}$  and  $[\text{MoCl}_6]^{3-}$  units. (c) 1,4-BDA spacer in a *gauche* conformation. (d) DSC curve of  $(1,4\text{-BDA})_2\text{-AgMoCl}_8$ . (e) SCXRD structure of  $(1,4\text{-BDA})_2\text{AgMoCl}_8$  at 460 K. (f and g) 1,4-BDA spacer in *gauche* and *anti* conformations. (h) Ball and stick models for the perovskite layer in the 460 K structure, showing reduced octahedral tilting than that of the room temperature structure.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
