[rsc.li/chemical-science](https://rsc.li/chemical-science)Correction for 'A H<sub>2</sub>O<sub>2</sub> self-sufficient nanoplatform with domino effects for thermal-responsive enhanced chemodynamic therapy' by Shichao Zhang *et al.*, *Chem. Sci.*, 2020, 11, 1926–1934, <https://doi.org/10.1039/C9SC05506A>.

It has come to the authors' attention that there was one error in Fig. S6 in the ESI. An incorrect image for the H&E stained liver for the Fe-GA/CaO<sub>2</sub>@PCM Dark group (row 2, column 2) was mistakenly used due to carelessness when editing the figure. The corrected version is displayed below. The data analysis and conclusions in the paper remain unchanged.
