There was an error in the equation presented in the last paragraph of section 3.1 on page 4005. The equation should be presented

$$V_{\rm r}^2 = \frac{1}{N} \sum_{i=1}^{N} \left(v_{ix}^2 + v_{iy}^2 \right)$$

For the work presented in this paper, the correct expressions were used in the calculations. Hence, this correction has no influence on the results and conclusions of the paper.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
