The authors regret that one funding project number was incorrectly shown in the Acknowledgements section of the original manuscript.

The full and correct list of funders are as shown below.

H. K. and K. L. also acknowledge the support provided by a GIST Research Institute (GRI, RISE) grant funded by the GIST in 2022. H. Suh acknowledges the support by the Basic Science Research Program through the National Research Foundation of Korea (NRF) funded by the Ministry of Education (2020R111A3061306). In addition, this research was supported in part by the Global Research Laboratory (GRL) Program of the NRF funded by the Ministry of Science, ICT & Future Planning (MSIP) (NRF-2017K1A1A2013153) and in part by the program of Future Hydrogen Original Technology Development (2021M3I3A1084747), through the NRF, funded by the Korean government (Ministry of Science and ICT (MSIT)).

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
