Correction: Blood brain barrier permeable gold nanocluster for targeted brain imaging and therapy: an *in vitro* and *in vivo* study

L. V. Nair,^a R. V. Nair,^a S. J. Shenoy,^b A. Thekkuveetil^c and R. S. Jayasree^{*a}

DOI: 10.1039/d3tb90089d

rsc.li/materials-b

Correction for 'Blood brain barrier permeable gold nanocluster for targeted brain imaging and therapy: an *in vitro* and *in vivo* study' by L. V. Nair *et al.*, *J. Mater. Chem. B*, 2017, 5, 8314–8321, <https://doi.org/10.1039/C7TB02247F>.

The authors regret unattributed data overlap between their article and ref. 1 shown here (ref. 37 of the original article).

The TEM in Fig. 1c of this article was re-used from ref. 1 without being correctly attributed and without permission from the Publisher.

The authors have now received the permission to reuse the data and the corrected caption is shown below:

Fig. 1 UV/vis absorbance spectra (a) and photoluminescence spectra (b) of GQC and Dopa@GQC. TEM of (c) GQC and (d) Dopa@GQC. The scale bar in both cases is 20 nm. Reproduced in part from Lakshmi V. Nair *et al.*, *Small*, 2013, 9(16), 2673–2677, with permission from Wiley.³⁷

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
