Correction: A feasible pathway to stabilize monoclinic and tetragonal phase coexistence in barium titanate-based ceramics

Jallouli Necib,^{a**b**} Jesús López-Sánchez,^{***c**d****} Fernando Rubio-Marcos,^{**d**e****} Aída Serrano,^{**d**} Elena Navarro,^{**c**f****} Álvaro Peña,^{**c**f****} Taoufik Mnasri,^{**b**} Mourad Smari,^{**g**} Rocío Estefanía Rojas-Hernández,^{**a**} Noemí Carmona^{**c**f****} and Pilar Marín^{**c**f****}

Correction for 'A feasible pathway to stabilize monoclinic and tetragonal phase coexistence in barium titanate-based ceramics' by Jallouli Necib et al., *J. Mater. Chem. C*, 2022, **10**, 17743–17756, <https://doi.org/10.1039/D2TC04265G>.

The authors regret that the name of the seventh author, Taoufik Mnasri, was incorrectly shown as Mnasri Taoufik in the published article. The corrected author list is shown here.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
