ROYAL SOCIETY OF CHEMISTRY

Advance your career in science

with professional recognition that showcases your **experience, expertise and dedication**

Stand out from the crowd

Prove your commitment to attaining excellence in your field

Gain the recognition you deserve

Achieve a professional qualification that inspires confidence and trust

Unlock your career potential

Apply for our professional registers (RSci, RSciTech) or chartered status (CChem, CSci, CEnv)

Showcasing the research from Dr De Gong's Group, School of Mechanical Engineering and Automation, Beihang University, China.

Magnetically driven hierarchically ordered carbonyl iron@SiO_2/Ni@Ag/silicone rubber composite film for enhanced electromagnetic interference shielding with ultralow reflection

Flexible composite film made of carbonyl iron@SiO_2/Ni@Ag/silicone rubber was fabricated *via* magnetically driven hierarchically ordered alignment, which could achieve enhanced electromagnetic interference shielding with ultralow reflection.
