Correction for 'Fluorescence intensity coded DNA frameworks based on the FRET effect enable multiplexed miRNA imaging in living cells' by Xiaoshuang Zhao *et al.*, *Anal. Methods*, 2023, **15**, 3051–3056, https://doi.org/10.1039/D3AY00578J.

The authors regret that the funding information in the published article was incorrect. The correct funding information is as follows:

This work was funded by the Program of Shanghai Academic/Technology Research Leader (20XD1404600); the National Key Research and Development Program of China (2022YFC3502002); the Shanghai Municipal Science and Technology Commission (20511107600); the Chinese Academy of Science (KFJ-STS-QYZD-2021-08-002).

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
