Correction: Continuous flow oxidation of HMF using a supported AuPd-alloy

Dominik Neukum,[a] Ajai R. Lakshmi Nilayam,[cd] Maya E. Ludwig,[a] Athanasios A. Vadarlis,[a] Jan-Dierk Grunwaldt [ab] and Erisa Saraçi *[ab]

Correction for 'Continuous flow oxidation of HMF using a supported AuPd-alloy' by Dominik Neukum *et al.*, *Catal. Sci. Technol.*, 2024, **https://doi.org/10.1039/d3cy01722b**.

The authors regret that there was an error with the LHSV unit in certain positions in the original article. In all instances, the LHSV unit should be h^{-1}. The conclusions, calculations and comparisons in the manuscript were based on the correct unit (h^{-1}), therefore the results remain unaltered.

A list of positions where the LHSV unit has to be corrected is as follows:

- Caption of Fig. 3: "…(LHSV: 7.7 h^{-1})…(LHSV: 5 h^{-1})…(LHSV: 1.9 h^{-1};…"
- Caption of Fig. 4: "…LHSV: 5 h^{-1})."
- Caption of Fig. 5: "…(a)…LHSV: 5 h^{-1}) and (b)…LHSV: 3.4 h^{-1})."
- Caption of Fig. 6: "…LHSV: 31.4 h^{-1})."
- Main text on Page 6: "…and a LHSV of 31.4 h^{-1} corresponds…"; "…LHSV: 19.6 h^{-1}), to assess…"; "…(0.1 M HMF, 6 eq. Na_2CO_3, 100 °C, 67 ± 5 bar, LHSV: 31.4 h^{-1}, 6 h time on stream)…"
- Caption of Fig. 7: "…LHSV: 19.6 h^{-1})."
- Table 3, heading of fourth column: "LHSV/h^{-1}"
- Caption of Fig. 8: "…LHSV: 19.6 h^{-1})."
- Main text on Page 7: "…LHSV: 19.6 h^{-1}) was conducted…"

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
