Outstanding Reviewers for *Digital Discovery* in 2023

We would like to take this opportunity to thank all of *Digital Discovery*'s reviewers for helping to preserve quality and integrity in chemical science literature. We would also like to highlight the Outstanding Reviewers for *Digital Discovery* in 2023.

DOI: 10.1039/d4dd90037e

rsc.li/digitaldiscovery

Each one of our outstanding peer reviewers has been carefully selected by our editorial team and includes active researchers who have made significant contributions to peer review and have gone above and beyond in their actions. Our Outstanding Reviewers from 2023 have been chosen based on several different measures, including the number, timeliness and quality of the reports completed over the last 12 months. In addition to reviewers who provided a high number of quality reports, we are pleased to highlight reviewers who provided exceptionally thorough and detailed reports and reviewers who made additional efforts to authors improving their manuscripts.

Dr Juan Vicente Alegre-Requena Universidad de Zaragoza ORCID: 0000-0002-0769-7168 Dr David Carrasco-Busturia Danmarks Tekniske Universitet ORCID: 0000-0003-1588-338X
