Correction for 'Emerging pollutants in the Esmeraldas watershed in Ecuador: discharge and attenuation of emerging organic pollutants along the San Pedro–Guayllabamba–Esmeraldas rivers' by A. Voloshenko-Rossin et al., *Environ. Sci.: Processes Impacts*, 2015, 17, 41–53, <https://doi.org/10.1039/C4EM00394B>.

In column 2 of Table 4, all the units except for the units of ACS should be in ng L^{-1} .

In Fig. 6, the units of CBZ should be in ng L^{-1} , and the units of ACS should be in $\mu\text{g L}^{-1}$.

These errors do not affect the conclusions or the discussion, where the correct values are mentioned. All the relevant values appear in other figures with the correct units.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
