The authors regret the omission of the trademark in the investigated strain HEAL9[®]. This trademark should have been included in the following sentence in the Introduction section: 'For instance, *Lactiplantibacillus plantarum* OLL2712, showed protective effects on memory functions in older adults with early memory deficits²⁴ and *Lactiplantibacillus plantarum* HEAL9 (HEAL9[®]) decreased inflammatory markers linked to acute stress in chronically stressed individuals'. In addition, the following sentence should have been included in the Acknowledgements section: 'Probi is the owner of the proprietary strain *Lactiplantibacillus plantarum* HEAL9 and owns the registered trademark HEAL9[®]'.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
