

Natural Product Reports

High impact, critical reviews in natural product research and related areas

rsc.li/npr

The Royal Society of Chemistry is the world's leading chemistry community. Through our high impact journals and publications we connect the world with the chemical sciences and invest the profits back into the chemistry community.

RSC Advances

**At the heart of open access for
the global chemistry community**

Editor-in-chief

Russell J Cox

Leibniz Universität Hannover, Germany

We stand for:

Breadth We publish work in all areas of chemistry and reach a global readership

Quality Research to advance the chemical sciences undergoes rigorous peer review for a trusted, society-run journal

Affordability Low APCs, discounts and waivers make publishing open access achievable and sustainable

Community Led by active researchers, we publish quality work from scientists at every career stage, and all countries
