Correction and removal of expression of concern: Total synthesis of tubulysin U and N¹⁴-desacetytubulysin H

Bohua Long,^{a,b} Cheng Tao,^{a,b,c} Yinghong Li,^a Xiaobin Zeng,^{*d} Meiqun Cao^{*a,b} and Zhengzhi Wu^{*a,b,c}

DOI: 10.1039/d4ob90032d
rsc.li/obc

Correction and removal of expression of concern for 'Total synthesis of tubulysin U and N¹⁴-desacetytubulysin H' by Bohua Long *et al.*, *Org. Biomol. Chem.*, 2020, **18**, 5349–5353, <https://doi.org/10.1039/D0OB01109F>.

The authors regret that in the original ESI several impurity peaks were removed from the NMR spectra.

The authors have repeated their results and a new ESI file with new NMR spectra has been provided.

An independent expert has viewed the original and new spectra and has concluded that they are consistent with the discussions and conclusions presented.

This Correction supersedes the information provided in the Expression of Concern related to this article.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
