## Correction: Recent progress of core-substituted naphthalenediimides: highlights from 2010

Correction for 'Recent progress of core-substituted naphthalenediimides: highlights from 2010' by Sheshanath V. Bhosale et al., *Org. Biomol. Chem.*, 2012, **10**, 6455–6468, <https://doi.org/10.1039/C2OB25798J>.

This correction is being published to alert readers that Fig. 5 and the related discussion in the section 'cNDI based sensor (ii) Anion sensor' was reproduced from an *Organic Letters* article,<sup>1</sup> which has now been retracted. The article was cited as ref. 41 in this *Organic & Biomolecular Chemistry* paper. The retraction notice of the *Organic Letters* article<sup>2</sup> states that "the image in Figure 1C and the Table of Contents graphic was found to have been inappropriately manipulated to make the overall findings more compelling, raising doubts about the conclusions presented and impacting the integrity of the work". Fig. 1C of the *Organic Letters* article was reproduced in this *Organic & Biomolecular Chemistry* article as Fig. 5C.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
