Retraction: Recent advances in visible-light graphitic carbon nitride ($g-C_3N_4$) photocatalysts for chemical transformations

Praveen P. Singh^a and Vishal Srivastava*b

DOI: 10.1039/d4ra90095b

rsc.li/rsc-advances

Retraction of 'Recent advances in visible-light graphitic carbon nitride ($g-C_3N_4$) photocatalysts for chemical transformations' by Praveen P. Singh and Vishal Srivastava, *RSC Adv.*, 2022, **12**, 18245–18265, https://doi.org/10.1039/D2RA01797K.

The Royal Society of Chemistry, with the agreement of the authors, hereby wholly retracts this *RSC Advances* review article due to significant portions of text overlap with a number of sources throughout the review article, in particular ref. 31, 37, 67*e*, 67*j*, 167, 168, 169 and 172 of the original article and ref. 1 and 2 below. Although many of these articles have been cited, it was not made clear that some of the text was reproduced from these articles.

Signed: Praveen P. Singh and Vishal Srivastava

Date: 29th August 2024

Retraction endorsed by Laura Fisher, Executive Editor, RSC Advances
