The authors regret that an incorrect version of Fig. 9c was included in the original article. The correct version of Fig. 9 is presented here. An independent expert has viewed the corrected images and has concluded that they are consistent with the discussions and conclusions presented.

**Fig. 9** Fluorescence microscopy images of (a–d) the endothelial cells and (e–h) the HeLa cells after incubation in a medium containing 10 μM DCFH-DA and (a and e) CMCs, (b and f) CMCs + 10 J cm<sup>-2</sup> irradiation, (c and g) 33.3 μM free MB + 10 J cm<sup>-2</sup> irradiation, and (d and h) CMCs@MB containing 33.3 μM MB + 10 J cm<sup>-2</sup> irradiation, respectively.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
