Expression of Concern for 'Construction of a binary S-scheme S-g- $C_3N_4/Co-ZF$  heterojunction with enhanced spatial charge separation for sunlight-driven photocatalytic performance' by Ali Bahadur *et al.*, *RSC Adv.*, 2022, **12**, 23263–23273, https://doi.org/10.1039/D1RA08525E.

RSC Advances is publishing this expression of concern in order to alert readers that concerns have been raised over the integrity of the data published in this article. The authors have been contacted but have not provided the requested raw data. An expression of concern will continue to be associated with the article until a conclusive outcome is reached.
