Retraction: Research on CO₂/CH₄/N₂ competitive adsorption characteristics of anthracite coal from Shanxi Sihe coal mine

Jia Jinzhang^{ab} and Xiao Lingyi^{*ab}

Retraction of 'Research on CO₂/CH₄/N₂ competitive adsorption characteristics of anthracite coal from Shanxi Sihe coal mine' by Jia Jinzhang *et al.*, *RSC Adv.*, 2024, 14, 3498–3512, <https://doi.org/10.1039/D3RA08467A>.

We, the named authors, hereby wholly retract this *RSC Advances* article due to errors in the simulation results of the paper. After the article was published, we discovered errors in the gas adsorption simulation, and as a result, Fig. 12, 14 and 15 are not accurate enough. The conclusions of this paper are therefore not fully supported.
