Correction: f-Element heavy pnictogen chemistry

Jingzhen Du,^{a,b} Philip J. Cobb,^b Junru Ding,^a David P. Mills^{*b} and Stephen T. Liddle^{*b}

Correction for 'f-Element heavy pnictogen chemistry' by Jingzhen Du *et al.*, *Chem. Sci.*, 2024, **15**, 13–45, <https://doi.org/10.1039/D3SC05056D>.

The authors regret that ref. 57 is incomplete in the original article. Ref. 57 is not incorrect, but the associated complex was also published in a paper in *J. Am. Chem. Soc.*, where its synthesis and characterisation were reported as part of a reactivity study of complex **27Y** with unsaturated substrates. The corrected ref. 57 is shown below as ref. 1.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
