## Correction: f-Element heavy pnictogen chemistry

Cite this: *Chem. Sci.*, 2024, 15, 3767Jingzhen Du,<sup>ab</sup> Philip J. Cobb,<sup>b</sup> Junru Ding,<sup>a</sup> David P. Mills<sup>\*b</sup> and Stephen T. Liddle<sup>\*b</sup>

DOI: 10.1039/d4sc90017k

Correction for 'f-Element heavy pnictogen chemistry' by Jingzhen Du *et al.*, *Chem. Sci.*, 2024, 15, 13–45, <https://doi.org/10.1039/D3SC05056D>.[rsc.li/chemical-science](https://rsc.li/chemical-science)

The authors regret that ref. 57 is incomplete in the original article. Ref. 57 is not incorrect, but the associated complex was also published in a paper in *J. Am. Chem. Soc.*, where its synthesis and characterisation were reported as part of a reactivity study of complex 27Y with unsaturated substrates. The corrected ref. 57 is shown below as ref. 1.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
