Outstanding Reviewers for *Sensors & Diagnostics* in 2023

We would like to take this opportunity to thank all of *Sensors & Diagnostics*'s reviewers for helping to preserve quality and integrity in chemical science literature. We would also like to highlight the Outstanding Reviewers for *Sensors & Diagnostics* in 2023.

Each one of our outstanding peer reviewers has been carefully selected by our editorial team and includes active researchers who have made significant contributions to peer review and have gone above and beyond in their actions. Our Outstanding Reviewers from 2023 have been chosen based on several different measures, including the number, timeliness and quality of the reports completed over the last 12 months. In addition to reviewers who provided a high number of quality reports, we are pleased to highlight reviewers who provided exceptionally thorough and detailed reports and reviewers who made additional efforts to aid authors in improving their manuscripts.

Dr Netzahualcōyotl Arroyo-Currás
 Johns Hopkins School of Medicine
 ORCID: [0000-0002-2740-6276](#)

Dr Olga Eremina
 University of Southern California
 ORCID: [0000-0002-2776-4743](#)

Dr Hideaki Hisamoto
 Osaka Metropolitan University
 ORCID: [0000-0003-1067-4116](#)

Dr Robert J. Meagher
 Sandia National Laboratories
 ORCID: [0000-0002-6262-2126](#)

Dr Ki Soo Park
 Konkuk University

Dr Ezequiel Martin Vidal
 Universidad Nacional del Sur
 ORCID: [0000-0002-0809-0544](#)

Professor Ming Zhou
 Northeast Normal University
 ORCID: [0000-0003-2239-9342](#)

We would also like to thank the *Sensors & Diagnostics* Editorial Board and Advisory Board and the sensors and diagnostics communities for their continued support of the journal, as authors, reviewers and readers.

We continue to work on improving the diversity of our reviewer pool to reflect the diversity of the communities that we serve.

Dr Anna Rulka, Executive Editor
 Dr Viktoria Titmus, Editorial Manager
