Correction: Recent advances and applications to cultural heritage using ATR-FTIR spectroscopy and ATR-FTIR spectroscopic imaging

Guan-Lin Liu and Sergei G. Kazarian*

Correction for 'Recent advances and applications to cultural heritage using ATR-FTIR spectroscopy and ATR-FTIR spectroscopic imaging' by Guan-Lin Liu *et al.*, *Analyst*, 2022, **147**, 1777–1797, <https://doi.org/10.1039/D2AN00005A>.

The authors regret an error in eqn 1 of their manuscript: n_1 and n_2 were misplaced as $\frac{n_1}{n_2}$. The correct version of equation is presented below:

$$dp = \frac{\lambda}{2\pi n_1 \sqrt{\sin^2 \theta - \left(\frac{n_2}{n_1}\right)^2}}$$

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
