Correction for 'A bottlebrush-architectured dextran polyprodrug as an acidity-responsive vector for enhanced chemotherapy efficiency' by Tian Zhang, *et al.*, *Biomater. Sci.*, 2020, **8**, 473–484, https://doi.org/10.1039/C9BM01692A.

The authors regret an error in Fig. 2H and Fig. 4B in the original manuscript. The correct version of Fig. 2H and Fig. 4B is as shown here. This correction does not affect the results and conclusions in this paper, and the caption in published paper of these figures is unchanged.

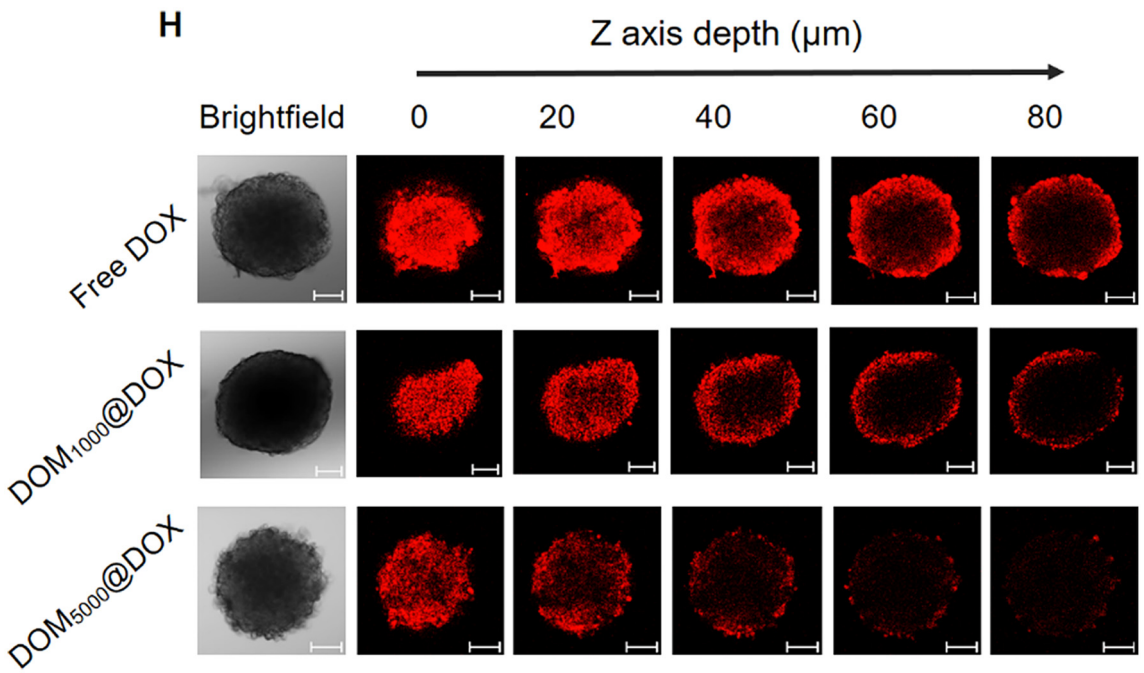

Fig. 2 (H) Confocal microscopic images of MCF-7 multicellular spheroids after treatment with free DOX, DOM_{1000}@DOX and DOM_{5000}@DOX (the concentration of DOX was 30 μg mL^{-1}) for 6 h, at pH 7.4. Scale bars: 100 μm.
