Correction for 'Preparation of antibacterial polypeptides with different topologies and their antibacterial properties' by Xiaodan Wang *et al.*, *Biomater. Sci.*, 2022, **10**, 834–845, <https://doi.org/10.1039/D1BM01620B>.

The authors regret the error in Fig. 3C, E and F in the original manuscript. The correct version of Fig. 3 is as shown below.

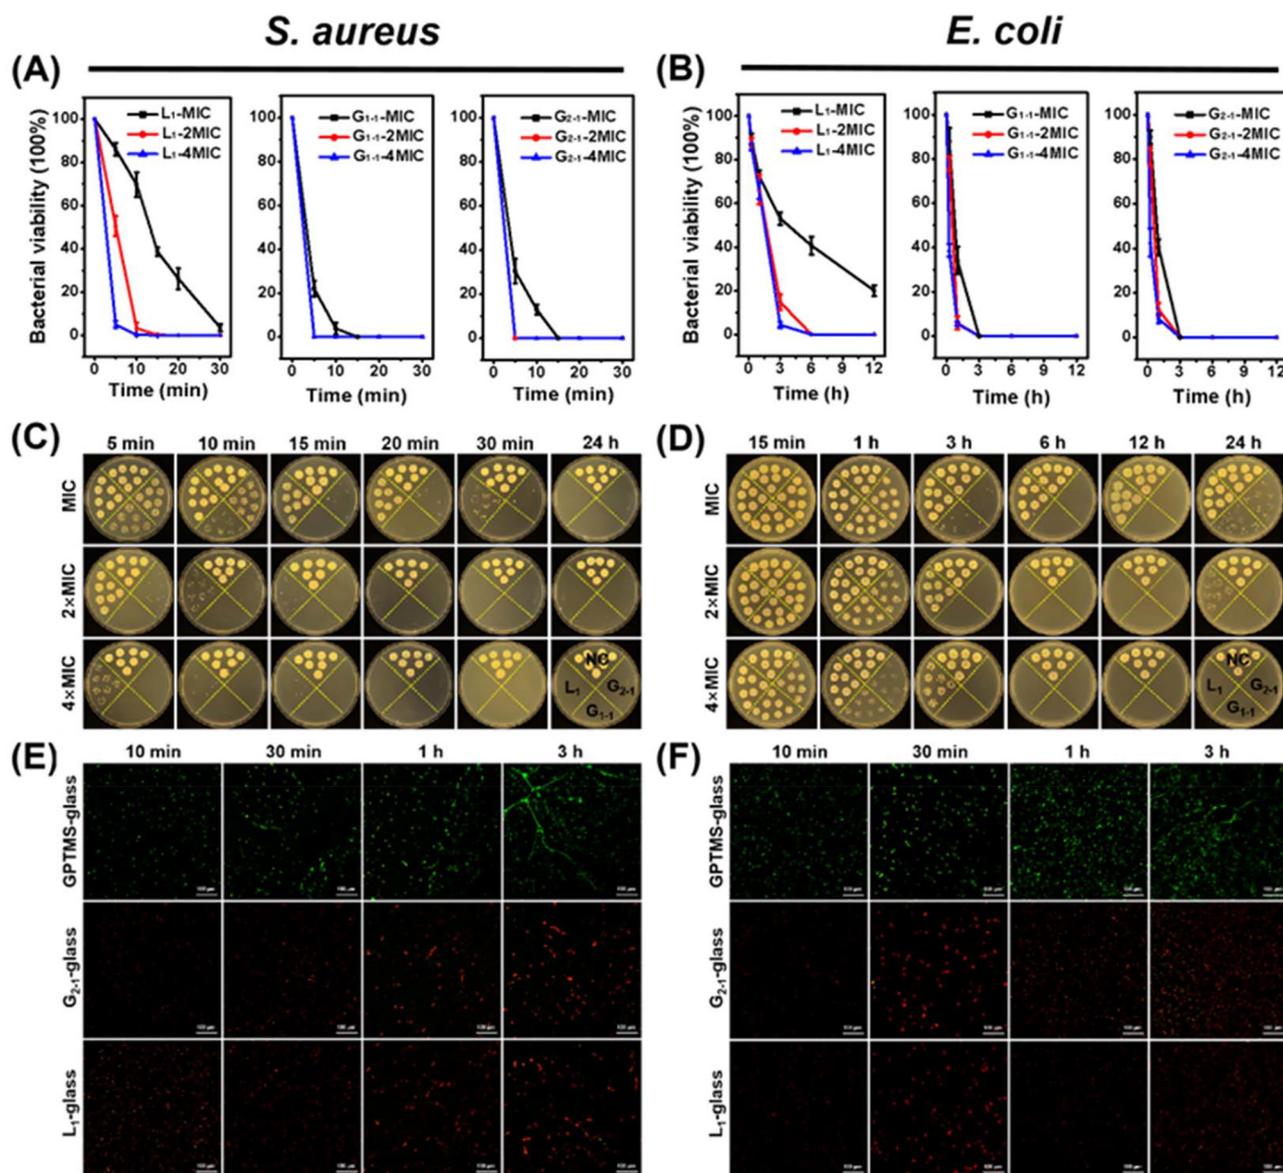

Fig. 3 Bacterial killing kinetics of L_1 , G_{1-1} and G_{2-1} towards *S. aureus* (A & C) and *E. coli* (B & D) in solutions at MIC, $2 \times$ MIC, $4 \times$ MIC. Each agar plate starts from the top, and counterclockwise is NC (PBS), L_1 , G_{1-1} and G_{2-1} , which was shown in the last agar plate marked in figure (C) and (D). The surficial bacterial killing efficiency of G_{2-1} and L_1 towards *S. aureus* (E) and *E. coli* (F).

This correction does not impact the overall validity, findings and conclusions of the paper.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
