Expression of Concern for 'The behavior of Ni nanotubes under the influence of environments with different acidities' by Maksim D. Kutuzau *et al.*, *CrystEngComm*, 2018, 20, 3258–3266, <https://doi.org/10.1039/C8CE00362A>.

CrystEngComm is publishing this expression of concern in order to alert readers that concerns have been raised regarding the integrity of the XRD data in Fig. 3.

An expression of concern will continue to be associated with the article until a conclusive outcome is reached.
