## Correction: Electronic structure, absorption spectra and oxidation dynamics in polyynes and dicyanopolyynes

Lazaros Chalkopiadis, Konstantinos Lambropoulos and Constantinos Simserides\*

DOI: 10.1039/d5cp90049b

Correction for 'Electronic structure, absorption spectra and oxidation dynamics in polyynes and dicyanopolyynes' by Lazaros Chalkopiadis *et al.*, *Phys. Chem. Chem. Phys.*, 2024, **26**, 22149–22163, <https://doi.org/10.1039/D4CP02719A>.

rsc.li/pccp

The authors would like to correct a typographical error in the first sentence of the left column below eqn (20) on page 22152. The correct text is shown below:

A trivial initial condition would be to make the oxidation (create the hole) at a specific atomic orbital  $ni$ ; then we have to set, at time zero, the corresponding coefficient  $C_{ni} = 1$  and the remaining coefficients  $C_{mj \neq ni} = 0$ .

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
