 Correction for 'A nanobody-based microfluidic chip for fast and automated purification of protein complexes' by Phebe De Keyser et al., *Lab Chip*, 2024, 24, 5421–5432, <https://doi.org/10.1039/D4LC00728J>.

The authors regret that there was an error in eqn (1) in the original article. The corrected eqn (1) is as shown below:

$$\frac{\partial C}{\partial t} = D_{\text{ax}} \frac{\partial^2 C}{\partial x^2} - u \frac{\partial C}{\partial x} + R_{\text{exch}} \quad (1)$$

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
