

# Natural Product Reports

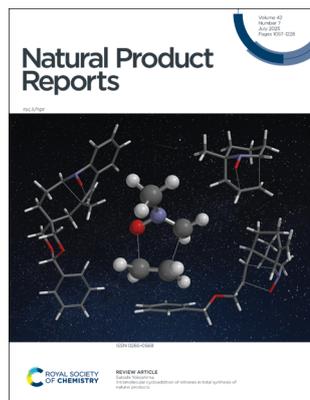

High impact, critical reviews in natural product research and related areas

rsc.li/npr

The Royal Society of Chemistry is the world's leading chemistry community. Through our high impact journals and publications we connect the world with the chemical sciences and invest the profits back into the chemistry community.

## REVIEWS

1071

### Intramolecular cycloaddition of nitrones in total synthesis of natural products

Satoshi Yokoshima\*

# RSC Advances

At the heart of open access for  
the global chemistry community

## Editor-in-chief

Russell J Cox

Leibniz Universität Hannover, Germany

## We stand for:

**Breadth** We publish work in all areas of chemistry and reach a global readership

**Quality** Research to advance the chemical sciences undergoes rigorous peer review for a trusted, society-run journal

**Affordability** Low APCs, discounts and waivers make publishing open access achievable and sustainable

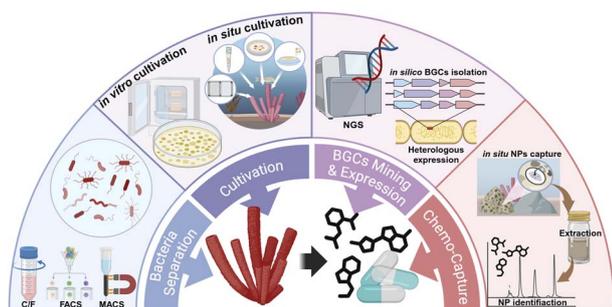

**Community** Led by active researchers, we publish quality work from scientists at every career stage, and all countries
