 Expression of concern for 'An efficient and green procedure for synthesis of rhodanine derivatives by aldol-thia-Michael protocol using aqueous diethylamine medium' by Assem Barakat *et al.*, *RSC Adv.*, 2014, 4, 4909–4916, <https://doi.org/10.1039/C3RA46551A>.

RSC Advances is publishing this expression of concern in order to alert readers about concerns with the integrity of the NMR data in the supplementary information. An expression of concern will continue to be associated with the article until a conclusive outcome is reached.
