 Correction for 'Non-metal cocatalyst CNT-modified emerging g-C<sub>3</sub>N<sub>4</sub> for enhanced treatment of waste drilling fluid filtrate' by Wenzhe Li et al., *RSC Adv.*, 2025, 15, 1311–1322, <https://doi.org/10.1039/D4RA07393B>.

The authors regret that an incorrect version of Fig. 7 was included in the original article. The correct version of Fig. 7 is presented here.

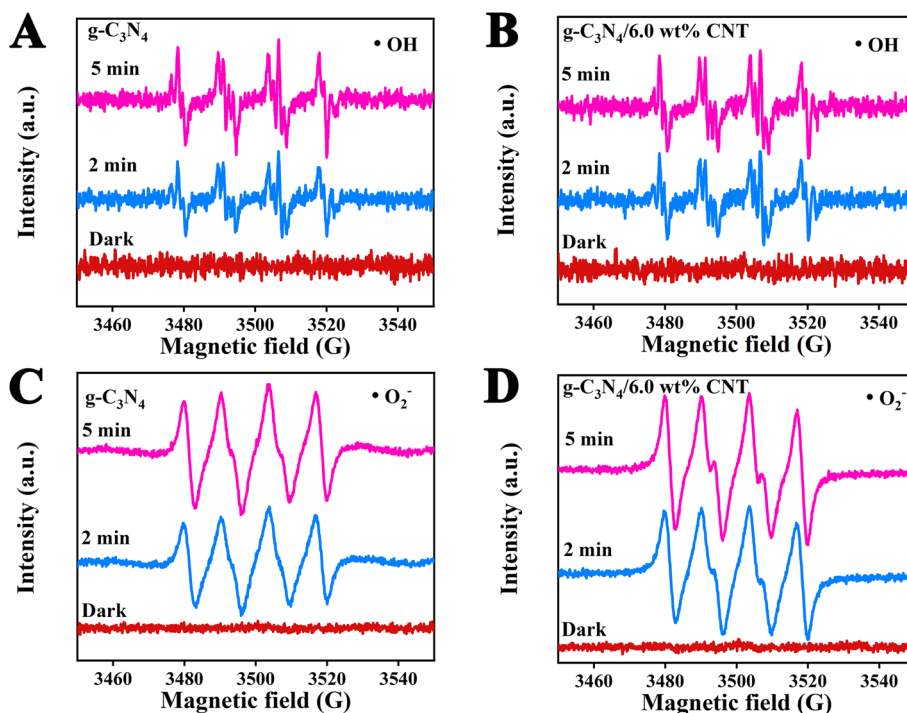

Fig. 7 The ESR spectral analysis of active species  $\cdot\text{OH}$  (A and B) and  $\cdot\text{O}_2^-$  (C and D) during photodegradation processes.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
