Correction: Ordered mesoporous zirconium oxophosphate supported tungsten oxide solid acid catalysts: the improved Brønsted acidity for benzylation of anisole

Zhichao Miao,^{ab} Huahua Zhao,^a Huanling Song^{ac} and Lingjun Chou^{*ac}

Correction for 'Ordered mesoporous zirconium oxophosphate supported tungsten oxide solid acid catalysts: the improved Brønsted acidity for benzylation of anisole' by Zhichao Miao *et al.*, *RSC Adv.*, 2014, 4, 22509–22519, <https://doi.org/10.1039/C4RA02809K>.

The authors regret an error in Fig. 3 in the original manuscript.

In Fig. 3(2) in the original manuscript, the XRD patterns of sample c (15 wt% WO₃/M-ZrPO) and d (20 wt% WO₃/M-ZrPO) were mistakenly duplicated. Fig. 3(2) is a partial (20–30°) magnification of Fig. 3(1), and when Fig. 3(1) was prepared, the data of sample d (20 wt% WO₃/M-ZrPO) was mistakenly copied twice, resulting in data duplication.

A corrected Fig. 3 is provided below.

An independent expert has viewed the raw data and corrected figure and has concluded that the data are consistent with the discussions and conclusions presented.
