rsc.li/chemical-science**Correction: Radical ligand transfer: mechanism and reactivity governed by three-component thermodynamics**

Zuzanna Wojdyla and Martin Srnec*

Correction for 'Radical ligand transfer: mechanism and reactivity governed by three-component thermodynamics' by Zuzanna Wojdyla *et al.*, *Chem. Sci.*, 2024, 15, 8459–8471, <https://doi.org/10.1039/D4SC01507J>.

In the published article, eqn (2) reads:

$$\mu_{R^+/R^-} = \frac{1}{\sqrt{2}} \left(\Delta G_{X/X-R}^{e^-} - \Delta G_X^{R^+/R^-} \right)$$

and contains a typographic error. The correct formula for μ_{R^+/R^-} is:

$$\mu_{R^+/R^-} = \frac{1}{\sqrt{2}} \left(\Delta G_{X/X-R}^{e^-} + \Delta G_X^{R^+/R^-} \right)$$

in line with ref. 64.

The values presented in the article were obtained using the correct equation.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
