Outstanding Reviewers for Sensors & Diagnostics in 2024

We would like to take this opportunity to thank all of Sensors & Diagnostics's reviewers for helping to preserve quality and integrity in chemical science literature. We would also like to highlight the Outstanding Reviewers for Sensors & Diagnostics in 2024.

Each one of our outstanding peer reviewers has been carefully selected by our editorial team and includes active researchers who have made significant contributions to peer review and have gone above and beyond in their actions. Our Outstanding Reviewers from 2024 have been chosen based on several different measures, including the number, timeliness and quality of the reports completed over the last 12 months. In addition to reviewers who provided a high number of quality reports, we are pleased to highlight reviewers who provided exceptionally thorough and detailed reports and reviewers who made additional efforts to aid authors in improving their manuscripts.

Dr Silvana Andreescu Clarkson University ORCID: 0000-0003-3382-7939 Dr Wendell Karlos Tomazelli Coltro Federal University of Goias

ORCID: 0000-0002-4009-2291

Dr Serap Evran Ege University
