Correction: Evolution of shear zones in granular packings under pressure

Mahnoush Madani,^a Maniya Maleki,^{ab} János Török^c and M. Reza Shaebani*^d

Correction for 'Evolution of shear zones in granular packings under pressure' by Mahnoush Madani *et al.*, *Soft Matter*, 2021, **17**, 1814–1820, <https://doi.org/10.1039/D0SM01768J>.

The authors regret an error in the reported angular velocities in Fig. 2 and 3. All values of ω/Ω and ω_0/Ω shown in the plots should be multiplied by 25 to reflect the correct values. Additionally, in Section 3, second paragraph, the second sentence should be revised as follows: "For the material properties used in our setup, we observe a slip, with ω_0/Ω being approximately 0.7 for extremely shallow layers."

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
