## Correction: Enhancing the performance of indoor organic photovoltaics through precise modulation of chlorine density in wide bandgap random copolymers

Soyoung Kim,<sup>ab</sup> Seon Joong Kim,<sup>c</sup> Gayoung Ham,<sup>d</sup> Ji-Eun Jeong,<sup>f</sup> Donghwa Lee,<sup>g</sup> Eunho Lee,<sup>g</sup> Hyungju Ahn,<sup>h</sup> Hyojung Cha,<sup>\*de</sup> Jae Won Shim<sup>\*c</sup> and Wonho Lee<sup>\*ab</sup>Correction for 'Enhancing the performance of indoor organic photovoltaics through precise modulation of chlorine density in wide bandgap random copolymers' by Soyoung Kim *et al.*, *J. Mater. Chem. A*, 2024, **12**, 2685–2696, <https://doi.org/10.1039/D3TA06624J>.

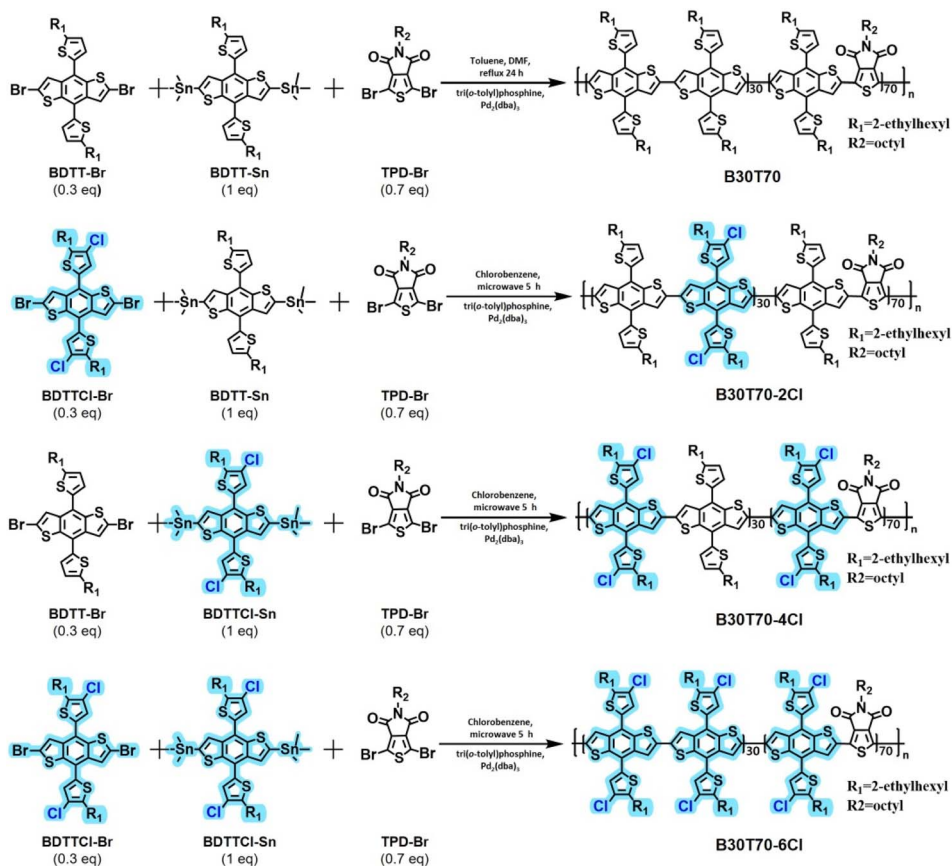

The authors regret that in Fig. 1 of the original article, the alkyl chain structure was incorrect. The updated figure showing the correct structure is as displayed in this notice. Scheme S1 in the ESI has also been replaced due to the presence of the same error – the corrected version is also as displayed in this notice. Neither accompanying captions were altered and the authors confirm that these changes do not impact the results or conclusions of the article.
