Correction for 'Screening and investigation of a short antimicrobial peptide: AVGAV' by Yang Cao *et al.*, *J. Mater. Chem. B*, 2023, **11**, 10941–10955, <https://doi.org/10.1039/D3TB01672B>.

The authors regret an error in Fig. 8 of the published article, where the image corresponding to the sample "SA+AVGAV" on day 12 was inadvertently replaced with a duplicate image of sample "AVGAV" at day 12. The authors declare that this error does not affect the conclusions of the article. The corrected version of Fig. 8 is shown here.
