## Retraction: Greening the waves: experimental and chemometric approaches in spectroscopic methods for organic pollutant determination in natural waters

Ashwini Borah, a Chetana Hasnub and Gongutri Borah\*c

DOI: 10.1039/d5va90009c

rsc.li/esadvances

Retraction of 'Greening the waves: experimental and chemometric approaches in spectroscopic methods for organic pollutant determination in natural waters' by Ashwini Borah *et al.*, *Environ. Sci.: Adv.*, 2024, 3, 1072–1086, https://doi.org/10.1039/D4VA00028E.

The Royal Society of Chemistry hereby wholly retracts this *Environmental Science: Advances* article due to use of AI without disclosure in the preparation of the content of this tutorial review as well as inaccuracies within the reference list. The authors have not been able to explain the inaccuracies and requested a change to 48 of the references.

Given the significance of these concerns, the accuracy of the content presented in this article cannot be relied upon.

The authors were informed about the retraction of the article. Gongutri Borah has not agreed with the decision, the other authors have not responded.
