## Correction: Shape programming of liquid crystal elastomers by two-stage wavelength-selective photopolymerization

Tom Bruining, Daniela R. Tomé and Danqing Liu\*

Correction for 'Shape programming of liquid crystal elastomers by two-stage wavelength-selective photopolymerization' by Tom Bruining *et al.*, *Mater. Horiz.*, 2025, <https://doi.org/10.1039/D5MH01907A>.

The authors regret an error in the formula for “contraction fixity” in the published article. The corrected formula is as follows:

$$\text{Contraction fixity}(f_c) = \frac{l_a}{l_i}$$

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
