In the original manuscript, the number of one of the grants from the National Natural Science Foundation of China was given incorrectly in the Acknowledgements section. The correct grant number is 51521061, not 51221061.

Additionally, author affiliation "a" should read as it is given in this correction manuscript, rather than as it appeared in the original manuscript.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
