Correction for 'Clinical applications of infrared and Raman spectroscopy: state of play and future challenges' by Matthew J. Baker, et al., Analyst, 2018, DOI: 10.1039/c7an01871a.

On the ninth page of this review article there are two errors. The correct details are as follows:

- Ninth page, left column, 9th line from the bottom: at the end of the sentence the citation numbers should read '106,108,111' instead of '103,105,108'.
  - Ninth page, left column, 5th line from the bottom: the start of the sentence on that line should be 'The most recent...'.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
