Correction for 'Mass-tagged aminated probes for rapid discovery of azaphilic natural products in fungal crude extracts' by Victor Flon *et al.*, *Chem. Commun.*, 2024, <https://doi.org/10.1039/D4CC05122J>.

The authors regret that the structure of (*S*)-mitorubrinic acid shown in Fig. 1 was incorrect in the original article as there was a missing carbonyl group. The corrected Fig. 1 is presented here.
